UQ School of Music

Locker Allocations

Purpose

The School of Music provides lockers to students who are studying an orchestral instrument so that they can safely secure their performance instruments while on campus.

Terms and Conditions

1. Lockers are allocated to BMus(Hons) students studying an instrument other than piano or the human voice for the duration of their performance studies with the School of Music.
2. The allocation of the locker ends when ceasing performance studies with the School of Music. For example: on not enrolling in the BMus(Hons) program for a semester; on graduation from the BMus(Hons) program; after completion of MUSC4211 in a dual degree program; after completion of MUSC2201 if not taking a music performance major in year three.
3. The locker must be left unlocked when the allocation of the locker ends.
4. Any items left in the locker when the allocation of the locker ends become the property of the School of Music.
5. From 1 April, any lockers not already allocated by BMus(Hons) students are available to be allocated to other students enrolled in School of Music courses for the remainder of that year only.

Application Process

1. Contact the School Office at music@uq.edu.au and confirm there is a locker of a suitable size for your instrument available for allocation. If there is, you will be allocated a locker.
